

# Hosting, Maintenance, and Support

Your campus—always available, secure, and optimized.

**Professional infrastructure to run your virtual campus with guaranteed stability, support, and scalability.** Choose the plan that fits the number of active synchronous students at your institution

PLAN	SYNCHRONOUS STUDENTS	SERVER SPECIFICATIONS	MONTHLY PRICE
<b>Hosting 4</b>	Up to 200	4 vCPU – 8 GB RAM – 120 GB SSD – Unlimited traffic	\$350 USD
<b>Hosting 3</b>	Up to 500	6 vCPU – 16 GB RAM – 150 GB SSD – Unlimited traffic	\$470 USD
<b>Hosting 2</b>	Up to 1000	8 vCPU – 32 GB RAM – 200 GB SSD – Unlimited traffic	\$840 USD
<b>Hosting 1</b>	Up to 2000	12 vCPU – 64 GB RAM – 300 GB SSD – Unlimited traffic	\$1580 USD

**All plans include:**

- Initial Moodle installation and configuration
- Monthly preventive maintenance
- Continuous technical support (via email and WhatsApp)
- Server and performance monitoring
- Assistance in case of incidents or outages
- On-demand technical scalability

***Does your team need to manage the platform independently?***

We offer specialized training to **develop professional Moodle administrators** within your institution, through our CIDCLearning Pro campus.

---

**+13 institutions currently hosted** on our technical infrastructure.  
**Proven success stories in stability and ongoing support.**

**Already have Moodle hosted elsewhere?**

We can migrate your campus to our infrastructure with **no data loss** and **no service interruption**.
